

Powerful Angle Grinder

Model No. HY-2949A/C

Industrial Grade

Front side exhaust

Direct air away from user

★Muffler (Optional)

Lock-off Lever

Spindle lock design

Allows only one wrench to change the disc safety and easily

Ergonomic handle

User friendly with anti vibration function

- ◆ High productivity and shorter process time
- ◆ Optimized power output
- ◆ Applications performed in shipyard, mining ,construction, foundries and general metalworking

Demonstration video

Special gear design

Extended service life

Free speed (rpm)	12,000
Flange of Central Hole	(4") 16mm (5") 22mm
Spindle Size	M8*1.25 M10*1.5 M14*2
Grinding Disc (Not included)	4" or 5"
Exhaust	Front Side
Horse Power	2 HP
Weight	(4") 4.5 lb / 2.05 Kg (5") 4.6lb/ 2.1kg
Length	10.9 " / 278 mm
Air consumption @ 90psi	3.4 CFM
Air inlet in.	3/8 "
Minimum hose size	3/8" (10mm)
